# ***Cut resistant glove***

**Outstanding crinkle latex grip on a cut 5 liner**

## DESCRIPTION

13 gauge cut resistant glove , with a hard wearing black latex coating on the palm and fingers of the hand, ( the coating is done on top of the liner ,that effectively isolates the hand from the latex material , this avoids any contact on the skin with the material )

### Recommendations for use

The glove is suitable for building & construction work, concrete & brick handling. Gardening, and handling of slippery materials, rubbish collection etc.

The glove is available in four sizes: Small - Medium - Large - Extra Large –

## Washing Instructions

The gloves are washable, and can be washed in a conventional washing machine, Provided the maximum wash temperature does not exceed 40 1 C (Centigrade) It is also recommended to use non-biological detergent.

## Packing

The gloves are packed 10 pairs in a poly bag, and 30 poly bags per carton. Each bag is printed with the model and reference size of the glove .
